

PORTABLE CRUSH & YARDS

Yards

These portable yards can be made any size with a race to hold extra stock. All components pack inside the trailer for easy transportation.

Features:

- All steel is galvanized to eliminate rusting
- Entry gate can be placed anywhere around the pen
- All gates have spring loaded latches
- Plans and pricing to suit your needs

Suitable for lifestyle farmers, dairy/beef farms & runoffs, animal handling contractors and hire equipment companies.

Pricing

Crush.....	\$6,500
Yard	\$3,300
Crush & yard	\$9,800

Prices are exclusive of GST and freight

Crush

Our crush incorporates a headbail, loading ramp and side opening gates all in one unit. The headbail provides restraint and facilitates ear tagging, drenching, dehorning and eye and teeth treatment. The floor lifts up to become a loading ramp and the side opening gates allow for vet access and the AI technician. For transportation, the yards stack inside the ramp and the wheels winch up to become a trailer.

Features:

- All steel is duragalv coated to eliminate rusting
- Comes with headbail
- Calf and vet gates on the side of the race
- Loading ramp built into the race
- Sliding gate at the back
